Peter,

Do you want to send her some gifts along with a letter from you. Denise Cohen suggested a bistro set and marble cheeseboard w/ knife. What do you think?

I spoke w/Mrs. McCarthy. Their house number had changed due to 911 being implemented in their locality. I am having PSC rush 3 pizza stones out to them. Additionally I offered to send her my postage paid envelopes for future B&H promos. She confessed that she had thrown out the B&H Movie collection in disgust. I told her I'd send her a copy & to send the order to me in the blue envelope & I'd expedite. She wasn't very enthusiastic; just resigned.

B&H system is down now; hopefully up in an hour. Do you have their phone number & could I get a copy of the letter. Our fax # is 907-5361.
